ABOUT US

Nuvola Baby strives to be the kids brand known for high quality and easy-to-wear products, being gentle to our little ones and cherished by the grown-ups.

At Nuvola Baby, we handpick the softest yarns and shape them into timeless and unique pieces with a fresh twist and great attention to detail.

Being parents ourselves, we design every piece as we would for our own children.

Each collection tells a story.

We are open to innovation. We care about the environment and our production process is fair and sustainably sourced.

Based in the heart of Europe, we use the open and multicultural spirit of tiny Luxembourg as an inspiration.

Let's make this world a softer place!
